

Nov 25, 2008

Hope this finds all well.

I am writing to ask you to put Robert on your prayer list. We received his test results today and the cancer is back in the brain. He has 8 visible tumors with the possibility of others too small to show. He is going to undergo another 10 radiation treatments starting Monday, December 1. It is risky because of the side effects, but not doing anything will just leave the tumors free to grow. This is his last shot at radiation so please pray for him during treatment and that we can enjoy whatever time God sees fit to allow him to be with us. Also pray for his children. This is going to be a tough road for them and all we ask is God to help them deal with this.

We are celebrating Thanksgiving with thanks for all we have and what God has for us in the future. We have a family trip planned for the week after Christmas and God willing will have a wonderful celebration with all the kids and grandkids together.

Thank you for all your prayers and support.
